

edited by S. v. Boletzky, J.-P. Féral, D. K. Hofmann , H.-J. Marthy

Préface

S. V. BOLETZKY, J.-P. FÉRAL, D. K. HOFMANN , H.-J. MARTHY - 119 - [rokdownload menuitem="571" downloaditem="564" direct_download="true"]PDF[/rokdownload]

Reproductive barriers and early development from hybridization experiments in two sympatric species of the genus *Sarsia* (Cnidaria, Hydrozoa, Anthoathecatae, Corynidae)

A. BRINCKMANN-VOSS - 121-130 - [Abstract](#) - [rokdownload menuitem="572" downloaditem="565" direct_download="true"]PDF[/rokdownload]

Staging and induction of medusa metamorphosis in *Carybdea marsupialis* (Cnidaria, Cubozoa)

K. STANGL, L. V. SALVINI-PLAWEN, T. W. HOLSTEIN - 131-140 - [Abstract](#) - [rokdownload menuitem="573" downloaditem="566" direct_download="true"]PDF[/rokdownload]

Induction of larval metamorphosis in the tropical scyphozoan *Mastigias papua*: striking similarity with upside down-jellyfish

Cassiopea

spp. (with notes on related species)

D. K. HOFMANN, G. CROW - 141-147 - [Abstract](#) - [rokdownload menuitem="574" downloaditem="567" direct_download="true"]PDF[/rokdownload]

Developmental biology of animal models under varied gravity conditions: a review

H.-J. MARTHY - 149-166 - [Abstract](#) - [rokdownload menuitem="575" downloaditem="568" direct_download="true"]PDF[/rokdownload]

New data on mating in an autotrophic dinoflagellate, *Prorocentrum micans* Ehrenberg

M.-O. SOYER-GOBILLARD, Y. BHAUD, D. SAINT HILAIRE - 167-175 - [Abstract](#) - [rokdownload menuitem="576" downloaditem="569" direct_download="true"]PDF[/rokdownload]

Trichoplax adhaerens: discovered as a missing link, forgotten as a hydrozoan, re-discovered as a key to metazoan evolution

T. SYED, B. SCHIERWATER - 177-187 - [Abstract](#) - [rokdownload menuitem="577"]

downloaditem="570" direct_download="true"]PDF[/rokdownload]

Stasis, change, and functional constraint in the evolution of animal body plans, whatever they may be

G. A. WRAY, R. R. STRATHMANN - 189-199 - [Abstract](#) - [rokdownload menuitem="578" downloaditem="562" direct_download="true"]PDF[/rokdownload]

Seahorses – masters of adaptation

M. S. SCHMID, D. G. SENN - 201-207 - [Abstract](#) - [rokdownload menuitem="579" downloaditem="571" direct_download="true"]PDF[/rokdownload]

Developmental features of *Octopus macropus* Risso, 1826 (Mollusca, Cephalopoda)

S. V. BOLETZKY, M. FUENTÈS, N. OFFNER - 209-215 - [Abstract](#) - [rokdownload menuitem="580" downloaditem="572" direct_download="true"]PDF[/rokdownload]

The story of *Alcyonium*: from halcyon birds to zoophytes

E. A. ROBSON - 217-222 - [Abstract](#) - [rokdownload menuitem="581" downloaditem="573" direct_download="true"]PDF[/rokdownload]

Pierre Tardent: A Passion for Marine Biology

R. HONEGGER, T. G. HONEGGER - 223-228 - [Abstract](#) - [rokdownload menuitem="582" downloaditem="574" direct_download="true"]PDF[/rokdownload]
