

**Guest Editors: C. Riaux-Gobin, L. Ector, Y. Rincé, M. Coste**

**Foreword** - 73 - [rokdownload menuitem="95" downloaditem="81" direct\_download="true"]PDF[/rokdownload]

**Variation and polymorphism in diatoms: the triple helix of development, genetics and environment. A review of the literature**

J.P. KOCIOLEK, E.F. STOERMER - 75-87 - [Abstract](#) - [rokdownload menuitem="96" downloaditem="82" direct\_download="true"]PDF[/rokdownload]

**Nutrient monitoring in Spanish wetlands using epiphytic diatoms**

C. CEJUDO-FIGUEIRAS, S. BLANCO, I. ÁLVAREZ-BLANCO, L. ECTOR, E. BÉCARES - 89-94 - [Abstract](#) - [rokdownload menuitem="97" downloaditem="83" direct\_download="true"]PDF[/rokdownload]

**Marine planktonic diatoms of the Order Rhizosoleniales (Bacillariophyta) from the tropical Mexican Pacific**

D.U. HERNÁNDEZ-BECERRIL, P. HERRERA-HERNÁNDEZ, A. PÉREZ-MENDOZA, J.G.A. CEBALLOS-CORONA - 95-107 - [Abstract](#) - [rokdownload menuitem="98" downloaditem="84" direct\_download="true"]PDF[/rokdownload]

**Effects of a bactericide on the structure and survival of benthic diatom communities**

S. MORIN, L. PROIA, M. RICART, C. BONNINEAU, A. GEISZINGER, F. RICCIARDI, H. GUASCH, A. ROMANI, S. SABATER - 109-116 - [Abstract](#) - [rokdownload menuitem="99" downloaditem="85" direct\_download="true"]PDF[/rokdownload]

**New marine diatom (Bacillariophyta) species described from Kerguelen Islands coastal area and pertaining to *Navicula* ss . With some remarks on morphological variation of the genus**

A. WITKOWSKI, C. RIAUX-GOBIN , G. DANISZEWSKA-KOWALCZYK - 117-133 - [Abstract](#) - [rokdownload menuitem="100" downloaditem="86" direct\_download="true"]PDF[/rokdownload]

***Cymatotheca* , *Tryblioptychus*, *Skeletonema* and *Cyclotella* (Thalassiosirales) from Argentinian coastal waters. Description of *Cyclotella cubiculata***

**sp. nov.**

E.A. SAR, I. SUNESEN , A.S. LAVIGNE - 135-156 - [Abstract](#) - [rokdownload menuitem="101" downloaditem="87" direct\_download="true"]PDF[/rokdownload]

**SEM survey and taxonomic position of small-sized *Achnantheidium* (Bacillariophyceae) from coral sands of Réunion Island (Western Indian Ocean)**

C. RIAUX-GOBIN, A. WITKOWSKI, P. COMPÈRE - 157-172 - [Abstract](#) - [rokdownload menuitem="102" downloaditem="88" direct\_download="true"]PDF[/rokdownload]

**Transfer of the benthic marine diatom *Anaulus vallis* to the genus *Denticula***

M.J. SULLIVAN - 173-176 - [Abstract](#) - [rokdownload menuitem="103" downloaditem="89" direct\_download="true"]PDF[/rokdownload]
